

Telecommunications Systems
& Networks Dept.

Celebrating 125 Years
of Engineering the Future

Scientific Lectures Course in the Area of:

«Embedded Systems: Hardware/Software Design»

Nafpaktos, Greece, 18 & 19 January 2010

Organized by: Research Group of Embedded Systems,
Telecommunications Systems & Networks Dept.,
Branch of Nafpaktos, TEI Mesologίου,
&
IEEE Greece GOLD Affinity Group

LECTURES' PROGRAM

18 January 2010

11:00 : «Software/Hardware Co-Design of Telecommunications Systems,
with ImpulseC Description Language»

Speaker: Miss Georgina Kalogeridou

Telecommunications Systems & Networks Dept.

19 January 2010

11:00 : «Routing Algorithms for IEEE 802.16 Protocol»

Speaker: Mr. Cristos Petropoulos

Telecommunications Systems & Networks Dept.

Information/Contact:

Dr. Nikolaos Voros,

Telecommunications Systems &
Networks Dept., Brach of Nafpaktos,
TEI Mesologίου
email : voros@teimes.gr

Dr. Nicolas Sklavos,

IEEE Greece GOLD Affinity Group
email : nsklavos@ieee.org
