

Call for Papers

Information Security Journal

A Global Perspective

Editor-in-Chief: Dr. Nicolas Sklavos, *Technological Educational Institute of Patras, Greece*

Information Security Journal: A Global Perspective, the official journal of (ISC)², contains peer-reviewed articles and case studies contributed by information security professionals around the world. It is written for professionals who create, implement and enforce security programs, policies and procedures, and provides them with detailed information on techniques for enhanced security and coverage of emerging technologies and trends.

Information Security Journal covers the following topics:

- access control
- analysis and monitoring
- application security
- business continuity and disaster recovery
- certification and accreditation
- continuity of operations planning (COOP)
- cryptography
- enterprise security management practices
- enterprise security
- information security and risk management
- laws
- investigations
- forensics and ethics
- malicious code
- operations security
- physical (environmental) security
- security architecture and design
- security operations and administration
- systems security engineering
- telecommunications and network security
- regulations and compliance
- risk, response and recovery
- security standards, guidelines and criteria

In 2012, the journal will publish special issues on the following topics:

- Jul/Aug: Protection in the Internet of Things (Manuscripts due February 1, 2012)
- Sept/Oct: Cloud Computing Security (Manuscripts due March 1, 2012)
- Nov/Dec: Embedded Systems Security (Manuscripts due May 1, 2012)

Instructions for Authors

Information Security Journal uses ScholarOne Manuscripts to peer review manuscript submissions. Please read the guide for ScholarOne authors before making a submission. Complete guidelines for preparing and submitting your manuscript to this journal are provided in the Instruction for Authors section at www.tandfonline.com/UISS. Full length articles should be submitted online at <http://mc.manuscriptcentral.com/uiss>.
